I'm not sure about the contracting details, maybe Rafael can help us answer some of your questions.

Sincerely,

Valmichael Leos

Subject: EPA Dive Team Passive Sampling

Valmichael,

Can you give me a brief overview of what the dive team would do, and what contractors would do, regarding the San Jacinto passive sampling? I was just looking at the Donna info & EA did the QAPP/samplers/etc. Funding through EPA RAC contract? For San Jacinto there is no task order in place, so that would need to be done before the dive team could place the samplers, correct?

Thanks,

Gary Miller
